Dear Parent(s) and/or Guardian(s):

As you know, due to the COVID-19 pandemic, in-class instruction was suspended by the provincial government in March. Since that time, Saanich students have been engaged in remote learning with a focus on core literacy and numeracy. Students have been provided with a variety of learning opportunities including online video conferencing and activities, extracurricular activities as well as having the option of part-time in-class learning for the month of June.

The Ministry of Education has indicated that students will receive a report card which documents student progress from September to March with additional comments on students' engagement with the remote learning program. In summary, your student's year-end report card will look very similar to the one sent home in March with additional comments about participation in the remote learning activities since spring break.

The last few months have been unique in their challenges, but also exceptional because of the growth and learning that has taken place for all of us. Our district staff greatly appreciate the support of our community during this time of unprecedented change.

We hope that you have a wonderful summer and look forward to returning to school again with you in September.

Sincerely,

A handwritten signature in black ink, appearing to be "Dave Eberwein", written over a horizontal line.
